FISCAL IMPACT OF BILL WITH PROPOSED AMENDMENT:

NOT SIGNIFICANT

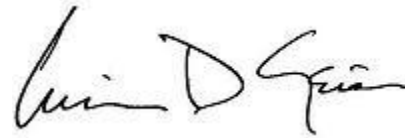

SB 749 – HB 693

Assumptions for the bill as amended:

- DCS and the Administrative Office of the Courts will not be required to provide annual training.
- Under current law, in a suit for annulment, divorce, separate maintenance, or in any other proceeding requiring the court to make a custody determination regarding a minor child, the court must make its decision based on the best interests of the child. The court is required to consider specified factors including the mental and physical health of the parents or caregivers.
- According to the Administrative Office of the Courts, the fiscal impact on judicial resources related to caseloads and proceedings will be not significant because courts currently consider the physical and mental health of the parent or caregiver.
